

BUCKET ELEVATOR

HIGH VOLUME, VERTICAL CONVEYING

The Bucket Elevator conveyor elevates your product to the next step in your food processing line in a tight footprint. Its overlapping V-style buckets securely contain product and gently convey it without breakage or loss. A variety of configurations, capacities, discharge points, and bucket options ensure the Bucket Elevator can be customized specifically to your application and process.

- Horizontal, S, C or Z-shape configurations
- Available with multiple discharges for additional layout flexibility
- Capacity ranging from 135-3780 cubic feet per hour
- Easy access buckets with quick, tool-less changeouts
